The University of Louisville Library is the very center of Belknap Campus.

M

emories of college days include many events other than studies and examinations. We begin and end the year outdoors, with Leadership Camp in the fall and Fryberger in late spring. With the first snow flurries (or rain, as the case may be) comes Homecoming, the house decorations, the game, and finally, the dance. Another year is in full swing.

In the newly remodeled Fine Arts Building, painting student Peggy Choate stands surrounded by her tools.

The lights of the Library invite you to enter . . .

On the  
campus,  
night . . .

The view from the side is equally irresistible.

Our Christmas greeting to the city of Louisville.

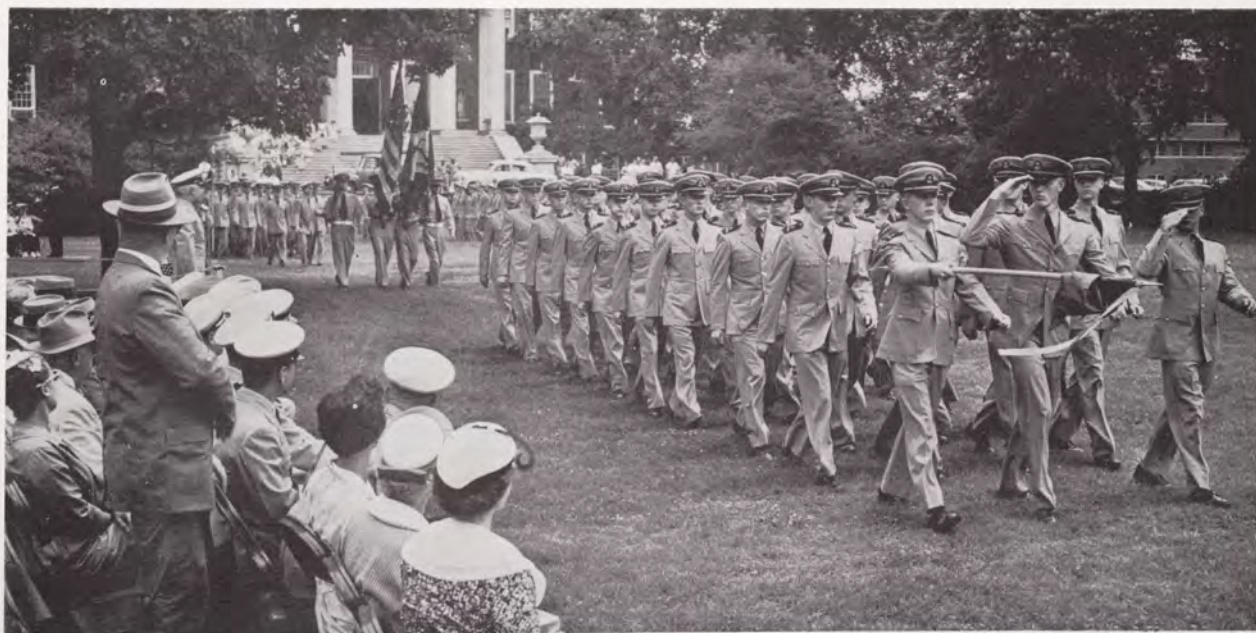

All this work paid off, remember? 32-6 was the score.

How can anybody study when the weather's as beautiful as this?

... and day

The Navy ROTC, that's who. "B" Company passes in review before the assembled officers.

# LEADERSHIP CAMP

The caves at Camp Chelon provide an irresistible temptation for canoers.

Dean Lawrence sets an example of casual informality for the "relaxed" group discussions and reports.

Time-out for students on the lake . . .

Leadership Camp is held annually in the fall to acquaint the officers of campus organizations with the plans of the administration for the year. Sponsored by the University Student Senate, it also enables the USS Commission Heads to present a summary of their ideas and projects for their term of office.

. . . while faculty and administration just chat.

Splinters gives his O.K. on development plans of the University.

Trying to choose the six best can be difficult.

## CHEERLEADERS

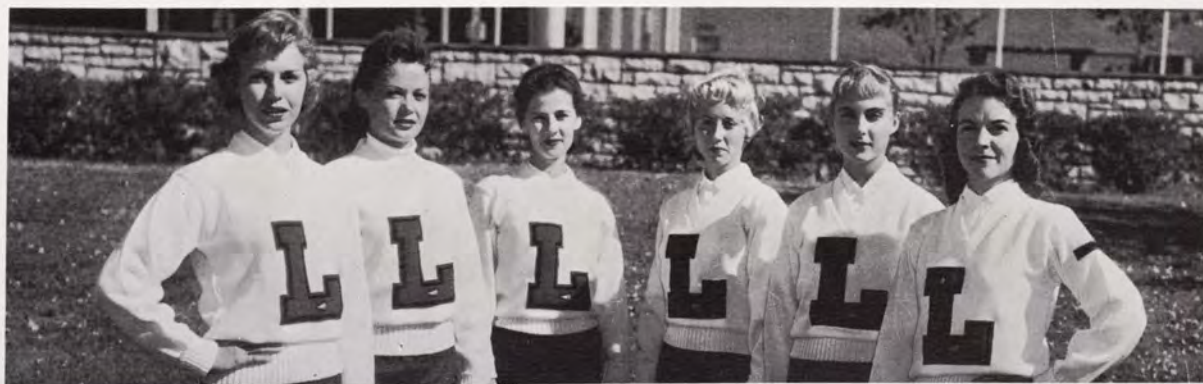

Do-si do, and around you go!

Time for the second half to get underway.

Backaches tomorrow.

Left to right: Ruth Collins, Diana Dawson, Tiny Smith, Nancy Butler, Carley Sue Revell, and Judy Heldman.

Woody Herman played to a full house at the Fairgrounds. The hall was beautifully decorated with aluminum strips strung from the ceiling.

## LXA, KΔ HAVE WINNING HOUSES AT HOMECOMING

Vern Rothenberger and Sharon Nolte receive their winning trophies from commission heads Micki Moran and Wayne Bennett.

"Yeah?"

"Cards Tame Cats" took second place for Phi Kappa Tau.

My hero!

Sigma Kappa won second place in women's division.

This beautiful lounge is located in the front of the new men's dormitory, in the extension projecting toward the street.

## DORM OPENS

The new ultra-modern five story building was constructed at a cost of \$875,000, part of which was financed by the federal government. It has facilities for 204 men in double rooms, each room containing built-in beds, desks, wardrobes and chests of drawers.

The building is air-conditioned throughout and elevator service is provided from the first floor to the fourth and fifth floors.

There is a large lounge in the front of the building in which guests can be entertained, as well as two recreation rooms and other facilities in the basement.

There's quite a bit of difference between this building and the four barracks on Brook Street.

This is the way we wash our clothes so early in the morning.

"Just can't do a thing with this hair."

Peek-a-boo!

## Something Different

## Every Day . . .

"Methinks yon knave is up to skulduggery."

The truth is out at last. B & G's been painting the Thinker all this time.

Phi Chi took first in men's division.

## BARBERSHOP

Co-sponsored by the University Student Senate and the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Barbershop Sing is held for campus competition every spring.

Chi Omega's winsome foursome sang their way to first.

## FRYBERGER SING

June Noble directed Chi Omega to first.

Jim Rice, for the second year, led Phi Tau to victory.

They have a right to look happy. Phi Tau won the Kappa Delta trophy for the outstanding fraternity on campus as well as Fryberger.

Other recognition given at Fryberger included the Arts and Sciences Student Council Awards, which went to sophomores Judy Heldman and Don Lurding; juniors Margaret Rust and Ron Howard; and seniors Mary Bev Wade and Bob Metry.

Take your choice: this could be KD receiving the Phi Tau trophy or vice versa. Pi Phi's pledge class receives the award for scholarship from KD.

Second place Fryberger winners Carole Caudill of Pi Phi and Neville Caudill of Phi Chi receive their trophies from Charles Hansen and Judy Heldman.

The torch lighting ceremonies opened Greek Week.

## GREEK WEEK

Liz is having turtle troubles.

For the first time last year, a Greek Week, sponsored by the University Student Senate, was held on campus. In order to encourage as much participation as possible, the commission planned a variety of events, including Tex Beneke (not his band, just Tex).

Up-sy Daisy.

Sociable Greeks take time out for "nectar."

And at the first turn, it's Cardinalette by a knee!

# GRADUATION

ADMINISTRATION

# DEDICATION

John M. Houchens, a native Kentuckian, received a degree in physics from Georgetown College in 1926. After graduation he was employed by the Louisville Gas and Electric Company as a Maintenance Engineer, then for three years taught related science and mathematics at Ahrens Trade High School. At the invitation of Dean Bennett M. Bridgman, he went to the University in January, 1930 under the presidency of Dr. Raymond A. Kent to become Speed Scientific School's first coordinator of the Cooperation Work Program.

During the war he was also director of adult education at the University of Louisville, directed engineering defense training, and served as instructor in physics, mathematics, electrical engineering, engineering drawing and descriptive geometry.

On December 1, 1948 he was elected Registrar of the University to take office on July 1, 1949 upon the retirement of Registrar Ralph E. Hill. His term as Registrar has coincided with the great growth of the University and the corresponding increase in voluminous records and admissions. He has worked constantly to increase the efficiency of the Registrar's Office by more up-to-date forms and procedures and in line with the times is making ever-greater use of computing machines for speed and accuracy.

He is an active alumnus of Lambda Chi Alpha Fraternity and was instrumental in the formation of the University of Louisville Chapter, which was installed in April, 1948. He was Faculty Advisor of the local chapter for some years. In 1956 he was awarded the much-coveted and rare Order of Merit by the national organization.

Mr. Houchens was tapped for honorary membership in Omicron Delta Kappa in 1958 and is now faculty advisor of the campus chapter. He is a member of Sigma Pi Sigma, honorary physics fraternity and has been active in Alpha Phi Omega, service fraternity.

He is a past chairman of the Louisville section of the American Institute of American Engineers and a past president of the Louisville Personnel Association. He has served on the Board of Directors of the Family Service Organization and has been a member of the Advisory council of the Merit System of the Kentucky State Board of Health.

Last year he was President of the Southern Association of Collegiate Registrars, and is active in the State Organization of Registrars, and in the American Association of Collegiate Registrars and Admissions Officers.

We are proud to dedicate the nineteen hundred and sixty *Thoroughbred* to Mr. John M. Houchens, Registrar of the University of Louisville.

## THE PRESIDENT

With his diploma in one hand and his new wife in the other, Philip Davidson began teaching in the high schools of Mississippi, where he remained for three years. He had graduated with a B.S. from the University of Mississippi in 1922. From 1925 until 1927 he taught in the history department of the University of Illinois while working on his doctorate in history, which he received in 1929 at the University of Chicago. Dr. Davidson held positions as Professor of History and Head of the Department at Agnes Scott College in Decatur, Georgia. At Vanderbilt University he was Dean of the Graduate School and Senior College, and Provost of the University. The President came to the University of Louisville from Vanderbilt in June, 1951.

In June, 1954 President Davidson received the honorary degree of Doctor of Literature from the University of the South. A member of Phi Beta Kappa, he has served on the Lectureship panel of this honorary, as well as the Board of the Woodrow Wilson National Fellowship Foundation. He is also a member of Omicron Delta Kappa and the Newcomen Society.

In Louisville he is a member of the Norton Infirmary Psychiatric Council, the Board of Directors of the Louisville Chamber of Commerce, the Board of Directors of the Louisville Fund, the Board of Directors of the Louisville Philharmonic Society, the Louisville Branch of the Federal Reserve Bank of St. Louis, and the J. B. Speed Museum. A member of the Rotary Club of Louisville, Dr. Davidson was President of the Nashville Rotary Club from 1950 to 1951. He has served on various committees in St. Andrew's Episcopal Church. He was General Chairman for Brotherhood Week in Kentucky (National Conference of Christians and Jews) in 1954 and 1959. From 1954 to 1958 he served as President of the Kentucky Branch of the English-Speaking Union.

Dr. Davidson is the author of two books: *History of Georgia* and *Propaganda and the American Revolution*. He also contributes to *This Is the South*.

The President's chief relaxation, besides hunting and fishing, is found in his workshop, where he has turned out ambitious reproductions like an 18th Century cherry tripod table. He and his son Philip, in college at the time, even constructed a boat one summer. Philip is now married and has three children; the Davidson's daughter also has three children, and both families live in Nashville, Tennessee. President Davidson and his wife have only one child left in Louisville: Splinters, their black cocker spaniel.

## ALUMNI DEPARTMENT

The Office of Alumni Relations is the link between the University and its 17,000 living alumni who live in every State of the Union and 15 foreign countries. Mr. Les Shivley, who graduated from the University of Louisville in business and economics in 1933, has been in the Alumni Office for 23 years. He has one full-time and three part-time workers.

One of the principal functions of the Alumni Office is its annual Fund. During the past year, University alumni gave more than \$408,000 to the University thru the Alumni Fund and the capital gifts Development Program. The Office sends a monthly alumni bulletin to all graduates, who are thus kept up with University and alumni news. Files of names and addresses of all graduates are kept in this Office. Keeping these files up to date is one of the most time-consuming jobs of this office. As a part of the public relations work, the Alumni office also sponsors class reunions.

Betty Christian, Marianne Witten and Marcia Franklin work part-time in the Alumni Office.

Nancy Alexander, secretary, helps Mr. Richard Warren, director, in the Development Office.

## DEVELOPMENT PROGRAM

Mr. Richard Hardin Warren, as Assistant to the President for Development, directs the public relations and fund raising activities of the University of Louisville. Beginning last year the University embarked on a Development Program to raise twenty-five million dollars in the next ten years. The first phase of this program, aimed at raising \$2,489,585, ended March 15, 1960 at a dinner celebrating gifts amounting to about \$2,526,000, which is \$36,000 over the goal set. This money, the largest amount ever raised by the University, was given by individual friends of the University, corporations, and foundations.

Of the amount raised in this first phase, \$1,489,585 will be spent to match a Federal Grant to build a Medical-Dental Research Building and a Cancer Treatment Center. \$500,000 will be used to build a new Physical Education Building, and another \$500,000 will be spent for books and equipment.

# MORTAR BOARD

Looking over plans for a meeting of Mortar Board are the officers listed right.

Mortar Board members are tapped each spring at Fryberger Sing from among the outstanding junior women. Membership is based on scholarship, leadership, and service to the University. Mortar Board was founded in 1918, and at the end of 1955 was serving through 95 chapters. The purpose of this honorary is "to provide for the co-operation between societies, to promote college loyalty, to advance the spirit of service and fellowship among university woman, to recognize and encourage leadership, and to stimulate a high standard of scholarship." Mortar Board has two meetings a month, alternating between a business meeting and a program. The group is headed this year by the officers pictured left. From left to right: Carole Hines, editor; Annette Offutt, treasurer; Margaret Rust, president; Joan Lesh, vice-president; and Suzanne Hill, secretary.

Among the money-making projects of this group was the selling of mum corsages at Homecoming; and among the service projects was the coaching of freshmen and foreign students. They represent the University of Louisville by serving in many ways.

# OMICRON DELTA KAPPA

Omicron Delta Kappa, national men's honorary founded December 3, 1914, at Washington and Lee, recognizes and encourages the achievement of exemplary character and superior quality in scholarship and leadership. Membership is as much an obligation and responsibility in citizenship as it is a mark of highest distinction and honor.

The members are elected on a point system with five categories including: scholarship, athletics, student government, publications, and the arts.

This year the University of Louisville chapter of ODK worked on many projects. The projects include the attempt to establish a university-wide honor system, and to have one convocation per semester with a distinguished speaker on a current topic.

The advisor of the group is Mr. Houchens.

Omicron Delta Kappa's officers are advised by their secretary, Mr. John Houchens, right. Listening are David Elpers, president, and Edward Young, vice president.

Cwens, the sophomore honorary organization for women, was installed on this campus in 1952. Members are selected on the basis of scholarship, leadership and contribution to campus life. New Cwens are tapped each spring at Fryberger Sing. The members meet twice a month for dinner followed by a business meeting or a program. The Cwens wear red blazers and gray skirts on campus the day of their meeting and on other occasions when they are serving the University. Every summer the Cwens send letters to all the freshmen girls coming to this school and have a big sister-little sister program to aid the freshmen students. At the beginning of the school year the Cwens gave a get-acquainted tea for all the in-coming freshmen women. The annual fall tea was held in November, and the "B" average tea was given in the spring. To begin the Christmas season on campus, Cwens sponsored the decorating of a tree in front of the Ad Building. Cwens serves the University in many ways, such as serving at teas, helping at orientation and baby-sitting with faculty children.

## PHI ETA SIGMA

Phi Eta Sigma is the newest honorary fraternity to establish a chapter at the University of Louisville. Phi Eta Sigma is designed to give recognition to students who achieve a 2.5 or better point standing out of a possible 3.0 in their freshman year. The University of Louisville Chapter was installed in an impressive ceremony in December of 1959. Dr. Foy from Auburn represented the Phi Eta Sigma National Office and presented the local charter. The installation team was from Hanover College. After the initiation ceremony, the new group was charged by Dean Barber of the College of A & S to undertake projects which will help foster scholarship from the very earliest part of a person's college career. The officers of the University of Louisville Chapter are Dave Elpers, president; Tom Cecil, vice-president; George Burnette, secretary-treasurer; and Dick Porter, historian. The faculty advisor is Dr. Richard Wiley. Chairman of the Chemistry Department in the College of A & S.

The Woodcock Society is the oldest honorary scholastic organization in the University. It is named in honor of the Right Reverend Charles E. Woodcock, Episcopal Bishop of Kentucky, who in 1910 established a medal in memory of his son to be awarded annually to the student of the College of Arts and Sciences attaining the highest standing in scholarship.

The Society, election to which is the highest scholastic honor in the College, was begun for the purpose of organizing a society on Phi Beta Kappa principles.

The Woodcock medal, which was continued by the Bishop's daughters, has been awarded annually to the senior attaining the highest standing in scholarship, and new members have been selected by the Society from the seniors ranking highest in scholarship.

Present activities include an annual cash award to the student from the freshman, sophomore, and junior classes outstanding in scholarship.

## BETA GAMMA CHAPTER

Pi Kappa Phi Fraternity was founded on December 10, 1904, at the College of Charleston, South Carolina. Beta Gamma Chapter of Pi Kappa Phi, located at 2216 Confederate Place, received its charter in April of 1949. The House offers rooming and boarding facilities.

Preparations for the Pi Kapp National Convention, to be held in Louisville in August at the Brown Hotel, are under full swing. This is the first national convention to be held in Louisville by any Greek national of the University of Louisville.

The closed Founder's Day Dance was held on the fifth of December for the actives, alums, and pledges. The annual Rose Ball took place during the Spring semester.

As a special project the Pi Kapps selected Mary Jane Walker of the Protestant Orphan's Home as their "Little Rose Queen."

## LOUISVILLE CHAPTER

Triangle, a national social fraternity, was founded in 1907. Triangle is composed of engineers and architects, using the close bond of its members as a means to further its endeavors. Scholarship heads the list of goals for this fraternity; but activities, sports, and social life have their place, too. The Louisville Chapter, founded in 1941, has a fraternity house at 2011 South Second Street.

MISS  
THOROUGHbred  
CHOSEN BY  
JOHN R. POWERS

MISS THOROUGHbred has been chosen each year by John R. Powers, head of the New York modeling school, from photographs submitted by each sorority, the women's dorm, and any other women's organization wishing to enter a candidate.

Mr. Powers bases his selection on personality displayed in the photographs and information which includes statistics paired with hobbies and scholastic achievement.

MISS THOROUGHbred of 1960, Judy Smyser, a sophomore history major, represented the Angel Flight. This group's membership is elected by the Air Force Reserve Officer Training Corps.

MR. THOROUGHbred, Gary Pennington, a senior political science major, represented Phi Kappa Tau. Gary was chosen by popular vote of the women students on campus.

The 1959-1960 THOROUGHbred Dance was held Friday night, December 4, 1959, in the Continental Ballroom of the Henry Clay Hotel. Music was provided by the band of Cliff Butler. The tables just off of the dance floor were covered with white tablecloths, and red candles lined the center of each table.

To the right is the lucky couple, Mr. and Miss THOROUGHbred, Judy Smyser and Gary Pennington. Below, they are shown with their court. From left to right they are: Laura Volkerding, Charlotte Schmidt, Dixie Rowe, Gayle Mills, Mr. and Miss THOROUGHbred, Bob Brown, Norman Hester, Dick Whitty, and Dan Walker.

## CARDINALS TRIUMPH ON SECOND HALF SPLURGE

Superior manpower and a much smoother and well rounded offensive punch spelled the difference in Louisville's 28-0 victory over the Murray State Thoroughbreds at Murray, Kentucky.

Although the temperature was in the nineties, it still took Louisville three quarters to finally warm up, but once the Cards got rolling the Homecoming crown at Murray didn't have too much to yell about.

The U. of L. scoring was spread in generous proportions, the first going to sophomore Ernie Green and the others to Ken Porco, Pat Barbato and freshman Gordon Morey.

Early in the third period Ernie Green fell on a Murray fumble and five plays later the eager Cardinals pushed across the goal line for their first of four touchdowns.

## XAVIER JINX HOLDS TRUE

The suspicion is developing that something other than natural forces are operating against Louisville in its football rivalry with Xavier.

The Cardinals blew a formidable 13-0 halftime lead with a woeful exhibition of defenselessness in the third quarter to bow 28-13 to the Musketeers. Thus Xavier kept intact for the tenth time its spotless record of never having lost to Louisville.

Louisville jumped out to a 13-0 halftime lead under the leadership of freshman quarterback John Giles and looked like they were well on their way to winning their first game over Xavier, but the third quarter was to prove their downfall.

Freshman quarterback John Giles scored both of Louisville's touchdowns, one of them came on a breathtaking 59 yard run.

## PORCO TAKES CHARGE

A frustrated group of Cardinal football players pushed across one touchdown in each half to down the Eastern Kentucky Maroons 14-7 in Richmond, Kentucky.

Louisville raced into an early 7-0 lead when Ken Porco scored on a two yard plunge. The Cards seemed headed for an easy conquest as they moved almost at will against the Maroons, but all of our scoring thrusts were stalled by repeated penalties.

With 57 seconds remaining in the first half the Eastern Kentucky quarterback threw a 27 yard touchdown pass and the half ended with the score tied 7-7

The Cardinals pushed across the winning talley late in the third quarter when Ken Porco scored his second touchdown of the day. An Eastern Kentucky fumble on their 13 yard line set up the Cardinal score.

## SECOND HALF PROVES DOWNFALL FOR BRADLEY

A win-hungry group of Bradley Braves surprised our Cardinals with their determined play in the first half. Bradley went into the halftime intermission with a surprising 8-7 lead.

The Cardinals came out of the dressing room for the start of the second half determined to prove that they were the better team on the field. It didn't take Louisville long to prove their point. Behind the able leadership of senior quarterback Dale Orem the Cards scored two touchdowns in the third quarter and one in the fourth. In addition to scoring three times the Cardinal defense held Bradley to a -10 yards rushing on the ground.

## U. OF L. CRUSHES DAYTON

Louisville returned home after playing four straight games on the road and completely ran our arch rivals, Dayton, off the field.

Five players, John Giles, Jack Reid, Ken Porco, John Hunt, and Elmer Colina, crossed the Dayton goal line for Louisville's 32 points. The Cardinals also turned in an inspired defensive effort against the powerful Flyers.

Before a crowd of over 5,000 fans the Cardinals rolled to their most impressive and important victory of the season. Louisville has now beaten Dayton in two of their last three football meetings. The series now stands 5-3 in favor of Dayton.

## FIRST HALF UPRISING CARRIES CARDS TO VICTORY

After a four year layoff Louisville and Western Kentucky resumed their football rivalry and the Cardinals started back right where they left off. In 1955 the Cardinals defeated the Hilltoppers 20-0 and this year we methodically ground out a 19-0 triumph.

Louisville's first two TD's were scored under the leadership of quarterback John Giles. The Cardinals' final score came on a thrilling 21 yard pass from Dale Orem to Petey Bryant.

## CARDINALS ROLL TO VICTORY NUMBER SIX

In preparation for the game with the number twenty team in the nation our Cardinals took on the Green Wave of Marshall College in what turned out to be nothing more than a game-type scrimmage for Louisville.

From the opening kickoff to the final gun the Cardinals scored at will against their weaker opponents. Six different players scored for Louisville in their 48-6 rout of Marshall.

The highlight of the game was a 65 yard touchdown pass play from Dale Orem to Howard Turley.

## SPIRITLESS CARDS DEFEATED BY POWERFUL TEXANS

With high hopes of an upset in view Louisville traveled to Denton, Texas, to play undefeated North Texas State, rated twentieth in the nation.

The fleet-footed Texans, led by speedy Abner Haynes, simply outran the Cardinals in handing us our worst defeat of the season.

The Cardinals gave the Texans a good game for over twenty minutes, but then the great depth and speed of North Texas State took its toll.

Louisville's only score came early in the second quarter when Ernie Green scored from the one yard line; Don Rossoll kicked the extra point and the score was tied 7-7, and for all practical purposes the game was over as North Texas State went on to win 39-7.

## LOUISVILLE HOME-COMING SPOILED BY OHIO U.

Excitement was the keynote when the Cardinals took on Ohio University for this year's Homecoming game.

The weather was cold and dreary and it took the Cards three and a half quarters to finally warm up. By the time Louisville started playing football Ohio was ahead 22-7, and what seemed to be a very dull game for the fans completely changed its complexion. With seven minutes left to go Dale Orem led Louisville to a touchdown and a two point conversion by Pat Barbato made the score 22-15.

Although this turned out to be the final score, Ohio had to stop two more Louisville scoring thrusts.

## CARDINALS DROP THIRD GAME IN A ROW

Louisville was their own worst enemy as they closed out the 1959 season with their third straight loss. Four lost fumbles and two intercepted passes were too much for the Cardinals to overcome as they lost to Kent State 16-14 at Kent, Ohio.

The game was close and hard-fought all the way, but every time Louisville got into scoring position, luck completely went against us. With four minutes to go in the game the Cardinals had their golden opportunity vanish into thin air. A fumble inside the Kent State five yard line cost Louisville their last chance to score and thereby come out victorious.

For the first time in three seasons the Cardinals started the basketball season off with an opening night victory as they beat Furman University 83-64. Three days later the Cards boarded their chartered plane for the first road trip of the season. The Cardinals, clearly showing early season raggedness, were beaten by Georgia Tech 68-56. Two nights later Louisville traveled on to Greenville, South Carolina for a return game with Furman. U. of L. won their first road game by defeating Furman for the second time. In a warm-up for their game with Cincinnati the Cardinals returned to the Coliseum and defeated Eastern Kentucky 75-67, followed by a 90-43 victory of Davidson College. Cincinnati, the next Cardinal opponent, came to Louisville sporting an unde-

feated record and was rated number one in the nation. Cincinnati's class and speed proved to be too much as they defeated Louisville 97-74. The Cardinals rebounded from the loss very quickly as they defeated Alabama 84-54 and in a slow-down game beat Wittenberg 59-47.

**BLUEGRASS TOURNAMENT:** In first night action Indiana defeated Maryland and, in a game that went right down to the wire, Louisville beat Fordham 66-61. The Cardinals met Indiana University for the tournament championship the next night. It was a bad night for the Cardinal fans as a cold and listless bunch of Cards were beaten 90-71.

Louisville opened the new year by playing two straight games on the road. The Cardinals traveled to Chicago to play the undefeated Demons of De Paul University. According to the papers Louisville wasn't given much of a chance to defeat De Paul, but the Cardinals forgot to read the papers as a determined, never-say-die group of Cards beat De Paul 75-74. One week later Louisville traveled to Milwaukee to play Marquette, and in another close and exciting game Louisville came out on the short end of a 61-57 score. After breaking even on their two game road trip the Cardinals returned home to play Xavier and Murray. Xavier, having never won a game in Louisville, came into town with high hopes of a victory, but their hopes were quickly snuffed out as U. of L. played one of their best games of the season in defeating

Xavier 84-62. Playing in the middle of final exam week, the Cardinals had their minds on school instead of basketball as greater depth and superior manpower simply overwhelmed Murray 78-72. As soon as exams were over the Cardinals boarded a bus and traveled to Dayton to renew their rivalry with the University of Dayton. Louisville's cold-shooting and Dayton's tough zone defense spelled defeat as the Cardinals lost to NIT bound Dayton 62-53. Louisville closed out the month of January by defeating "Kelly Coleman and company" of Kentucky Wesleyan 86-71.

Going into the month of February, the Cardinals carried an 11 win, 5 loss record. Compared with an 8-8 record at the same time last year, hopes of getting an NCAA tournament bid were running high.

## FEBRUARY.

Jerry Armstrong takes a jump shot as Fred Sawyer gets set to rebound in case the shot had gone astray.

Louisville opened the month of February by traveling to Owensboro, Kentucky to play a revenge-minded Kentucky Wesleyan team. With a heads-up team effort the Cardinals won the game 80-72. Three days later Louisville traveled to Cincinnati for a game with Xavier and the beginning of the end was about to start. The Cardinals, playing ragged and listless basketball, were beaten 75-64. After the Xavier loss the Cardinals returned to what they thought would be friendly Freedom Hall, but they were in for quite a surprise. Right off the bat Marquette stunned Louisville 78-70, and then with the officials' whistles drowning out the crowd's boos, De Paul downed Louisville 74-65. This loss dropped U. of L. out of the NCAA tournament picture, but one week later the Cardinals put themselves in line for an NIT bid by blasting archrival Dayton 80-55, and defeating Murray State at Murray, Kentucky, 74-67. All tournament hopes were washed away when a Louisville team that just couldn't get started was beaten by NCAA bound Notre Dame 65-54 in a game

that was played in Chicago Stadium. The Cardinals returned home and methodically beat Miami of Ohio 83-65.

The month of March opened when the Cardinals traveled to Richmond, Kentucky, for their last road game of the season. The Eastern Maroons won their 25th straight home game by beating Louisville 81-63 to gain revenge for an earlier Cardinal victory. Louisville returned home for the final game of the season to play NIT bound St. Louis. The Cardinals just couldn't hit from the free throw line and were beaten 66-60.

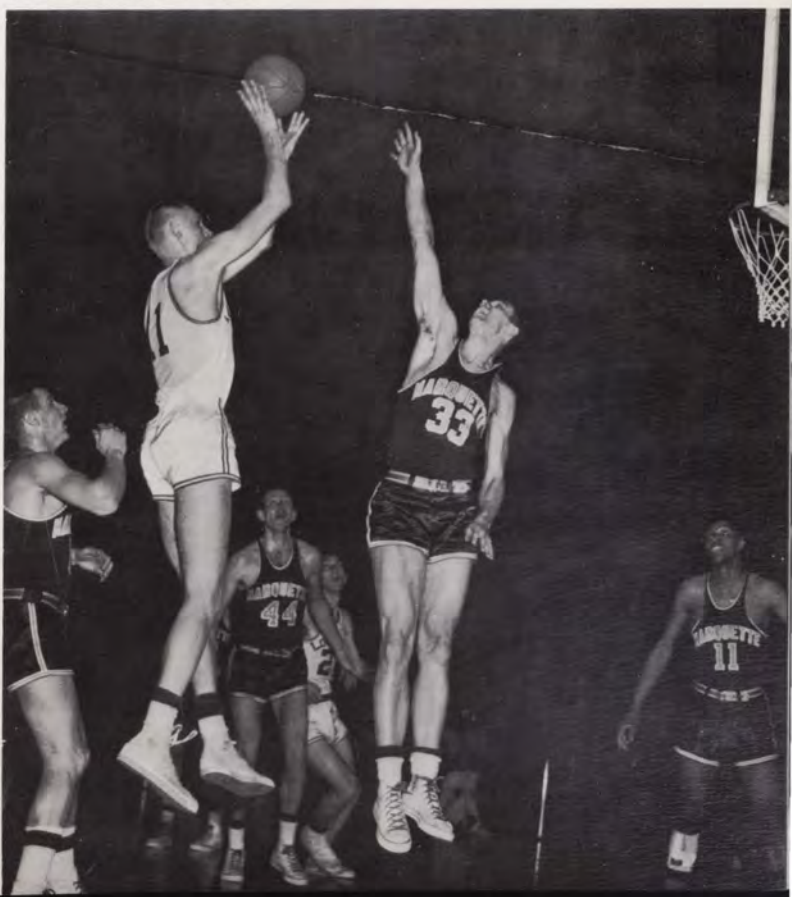

Louisville finished the season with a 15 win and 11 loss record.

The outlook for next season is very bright and at the yearly basketball banquet Coach Hickman vowed that the Cardinals would not be on the sideline when the trophies were given out next year.

# BASEBALL

WON 11, LOST 11

"Wait till next year!" was the cry on the University of Louisville baseball diamond at the end of the 1959 season. Although the team fought their way to a commendable 11-11 record, they are hoping for quite a bit of improvement this year. With the majority of the 1959 squad returning a much better record is looked forward to. Last year's edition of the Cardinal baseball squad came through in the clutch by winning two of their last three games in order to end the season with a .500 percentage. With a little bit of luck going the Cardinal way their record could have been a lot better because during the season they lost four games by one run and two games by two runs. The team was led in batting by Hubert Parrish who ended season with a fine .324 average.

## GOLF

WON 13, LOST 3

Coach John Dromo's golf team, perennial power in the State of Kentucky, continued their winning ways by winning thirteen of sixteen matches last year.

The team was led by freshman Mike Dudley, who set a new University of Louisville golf record by compiling a 72.6 average for the season. Mike's low round of the season was a three under par 69.

After a slow start, which saw the team lose three of their first four matches, they settled down and won their next twelve.

Louisville proved themselves to be the best golf team in Kentucky by defeating both Eastern Kentucky and the University of Kentucky twice.

KNEELING: Jim Scott, Tom Musselman. STANDING: Dave Vaughn, Byran Hall, Coach John Dromo, Bobby Cross, Mike Dudley.

Since its formation in 1949, the Air Force Reserve Officers' Training Corps has grown to be an integral part of the campus life here at U. of L. To the two hundred and seventy-six students now enrolled in the program, the Air Force ROTC offers, in addition to its regular courses in the Air Sciences, a wide variety of activities calculated to have some appeal for every member of the Corps. Graduating members receive commissions as Second Lieutenants in the Air Force.

In 1952 the AFROTC formed a corps of sponsors. Consisting of fifteen co-eds, they are chosen by the cadets from photographs submitted by each of the candidates. Their meetings are weekly, and they do office work and perform various duties which benefit the unit. The Air Force sponsors are official representatives of the unit and participate in parades and reviews along with the cadets. Once a girl is elected, she remains in the corps of sponsors for the duration of her enrollment at the university.

J. Smith receives outstanding cadet award in Air Science from Col. F. Groves.

# ARTS AND SCIENCES STUDENT COUNCIL

The Arts and Sciences Student Council is the official student governing body of the College of Arts and Sciences. Twelve representatives are elected by the A & S students each May to serve on the Council the following year. The president and vice president are elected from the old Council. Ex-officio members are the secretary, treasurer, parliamentarian, and APO service representative. The officers of the Council are Don Lurding, president; Barbara Miles vice president; Jane Harman, secretary; Pinki Lathrop, treasurer; Peggy Speckman, parliamentarian; and Dick Porter, service representative.

FIRST ROW: Bill Earley, Betty Beirle, John Evans, Jane Harman, Don Lurding, Anne Little. SECOND ROW: Peggy Speckman, Jim Allen, Jean Knessey, John Green, Mary K. Wong, Jim Weber, Glenn Chesnut. NOT PICTURED: Barbara Miles and Dick Porter.

The Senior Class Officers are Jim Rice, president; Betty Bierle, treasurer; and Carol Trautwein, vice-president. Carol Hines, secretary, is not pictured.

This fall Dr. Richard Barber was installed as the Dean of the College of Arts and Sciences. Dr. Barber came to us from Tulane University, New Orleans, Louisiana. Above, he is pictured accepting the statue of Minerva from President Philip Davidson.

"Howdy-Walk," running through the heart of campus adjoins the Library on the left; University Center directly behind; Natural Science at the south end; and the Administration Building on the right.

Early afternoon finds couples strolling around Belknap Campus.

Twilight time at the University is perfect for a long walk.

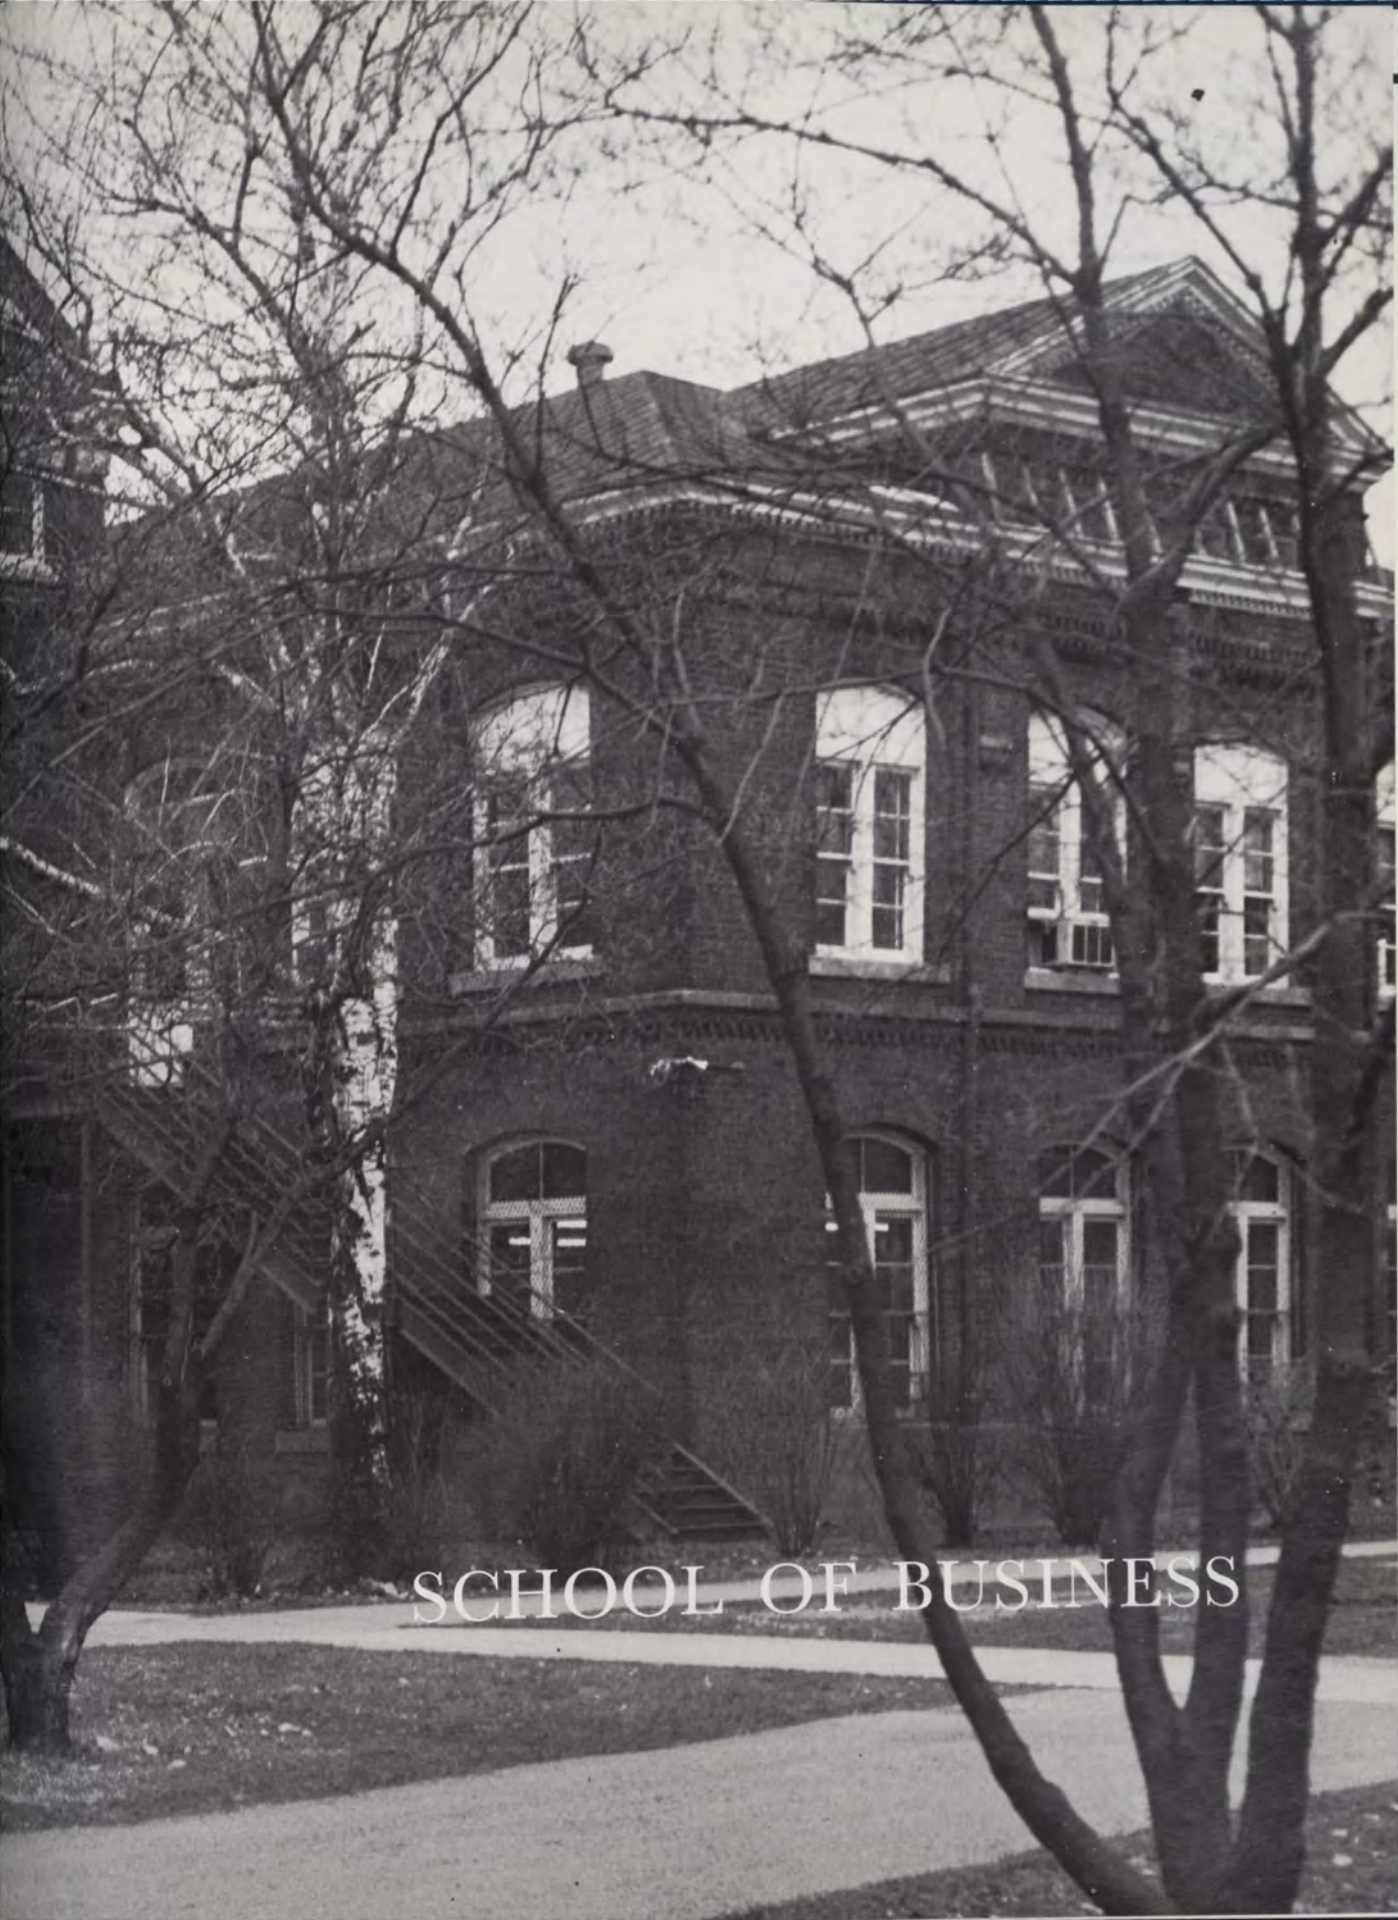

Snow brings fun for all!

## DENTAL SCHOOL STUDENT COUNCIL

The Dental School Student Council, composed of fourteen members elected by the four classes of dental students and two classes of dental hygienists, sponsors two or three dances and parties, and the annual softball league.

The officers are: President, John Stroud; Vice President, Charles Bachtel; Secretary, Georgia Heim; Treasurer, John Stroud.

Students arrive for lectures at eight o'clock every morning during the week.

## JUNIOR AND SENIOR DENTAL EDUCATION

The Junior and Senior Dental Students have a varied and concentrated course, which includes daily lectures and clinical experience. They are trained in every aspect of dentistry to make them qualified to serve people in all their dental needs. The lectures, given by experts in their fields, continue and advance the students' basic knowledge and introduce many of the problems found in the practice of dentistry. Clinical, x-ray, and laboratory work are only a few of the many parts of the practical dental education, which takes up so much of the advanced students' time.

Hygienists, students and instructor are having a conversation in the lobby of the dental school. The map behind them shows the widespread location of U. of L. graduates.

At noon the student lounge is usually the scene of a well-observed checker game.

Students often assist one another during difficult clinical procedures. Most of the student's time, during his last two years, is devoted to clinical work such as this.

After a cavity preparation has been made on a tooth, the student receives his filling material from the supply desk.

Students can make a preliminary diagnosis by using x-rays.

The laboratory is always busy. All the laboratory work necessary for the completion of restorative dentistry is done in this room by the students.

# DELTA SIGMA DELTA

Delta Sigma Delta, with undergraduate chapters in thirty-six dental schools and graduate chapters in the United States, Canada, Europe and Australia, is truly an international fraternity. The oldest of the fraternities to restrict its membership to students and practitioners of dentistry, Delta Sigma Delta has set forth as its purpose the working together of its members toward scientific, ethical and professional progress.

Epsilon Chapter of Delta Sigma Delta, chartered in 1914, owns a house at 314 E. College. Dr. Pat Lyddan is the Deputy Supreme Grand Master.

Don Jansen, a Physics graduate student, has a conference with Dr. Mostovych.

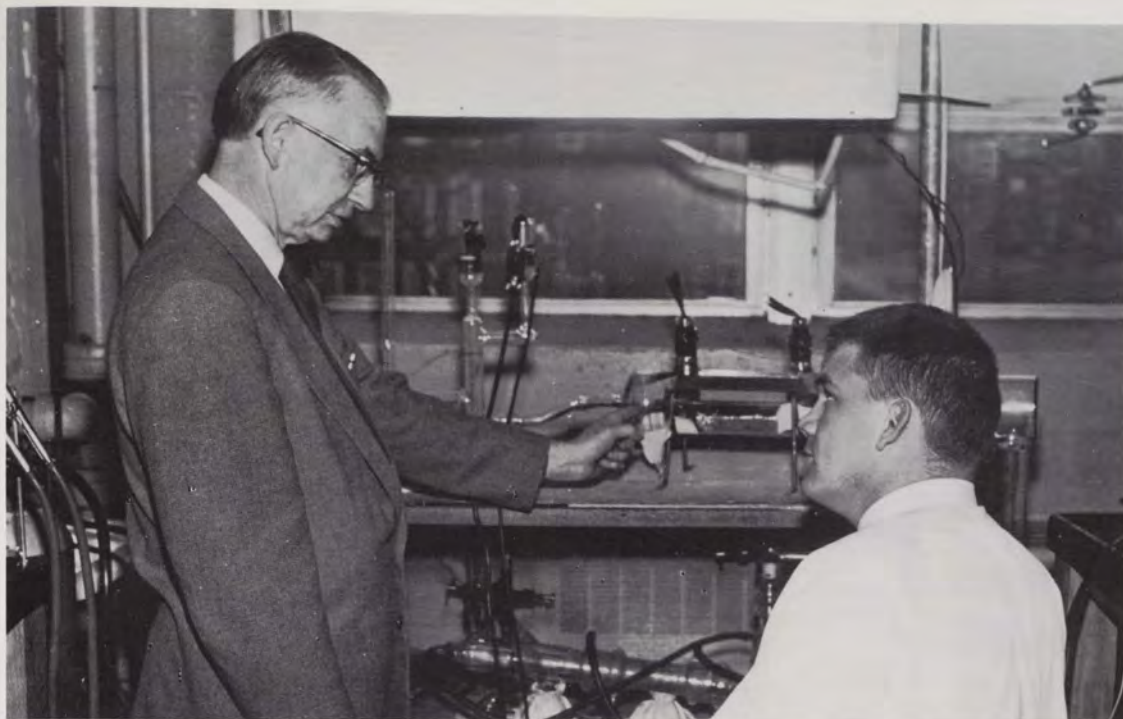

Undergraduate student, Gay Witte, assists Chuck Dickson, graduate student in the Psychology Department, with his research in sound.

## GRADUATE WORK

The program of the graduate school has many facets to permit the complete development of the graduate student. The graduate student has many conferences and informal talks with the instructors in his department to help him formulate his course of study and plan his future. He attends classes and seminars, which delve deeper and deeper into his chosen subject. Often the graduate student teaches labs and classes to give him practical classroom experience. Of course, most graduate students are engaged in some research project related to their field of major interest. All these activities added to the many hours of study and library research assure the graduate student of a busy stimulating life at the University of Louisville.

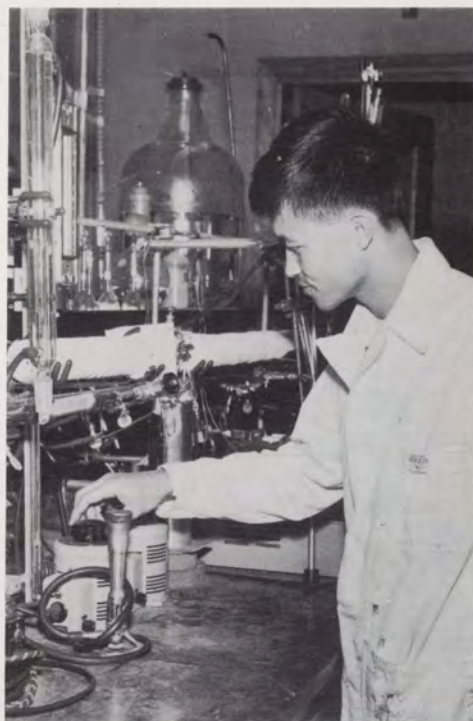

Mr. Noe of the Education Department teaches a seminar on the administration of American schools

Dr. Bennett of the Physics Department discusses readjustments needed by Charles Naber's research project.

Labs such as this are taught by graduate students. This general chemistry lab is taught by Robert Vollner.

Tun-Ho Chen, a graduate student in the Chemistry Department, works in his research lab located in the Natural Science Building.

Clyde Parrish devotes much time to research projects in his field, Chemistry.

## RESEARCH PROJECTS

Generally graduate students, especially in the sciences, have research offices or laboratories where they can pursue projects of independent study. Pictured on this page are three such students representing the departments of Physics, Chemistry, and Biology.

The University of Louisville is one of the Sponsoring Universities of the Oak Ridge Nuclear Studies Institute located at Oak Ridge, Tennessee. When Master's or Doctor's candidates have completed their resident work, it is possible for them to go on to Oak Ridge to do their research work and prepare their theses.

Margaret Kort compares slides in her work with the Biology Department.

Paul Peihon Lin of the Physics Department experiments with ultrosonics in his research laboratory.

## SCHOLARSHIPS AND FELLOWSHIPS

Graduate students have opportunities for fellowships, scholarships, and assistantships while working for degrees at the University.

Fellowships and scholarships are usually offered to students doing research in some particular field. Assistantships are given to students who then act as lab instructors for undergraduate courses.

Bill Rivera, a graduate student in the Chemistry Department, gives his organic chemistry section instructions before the actual lab begins.

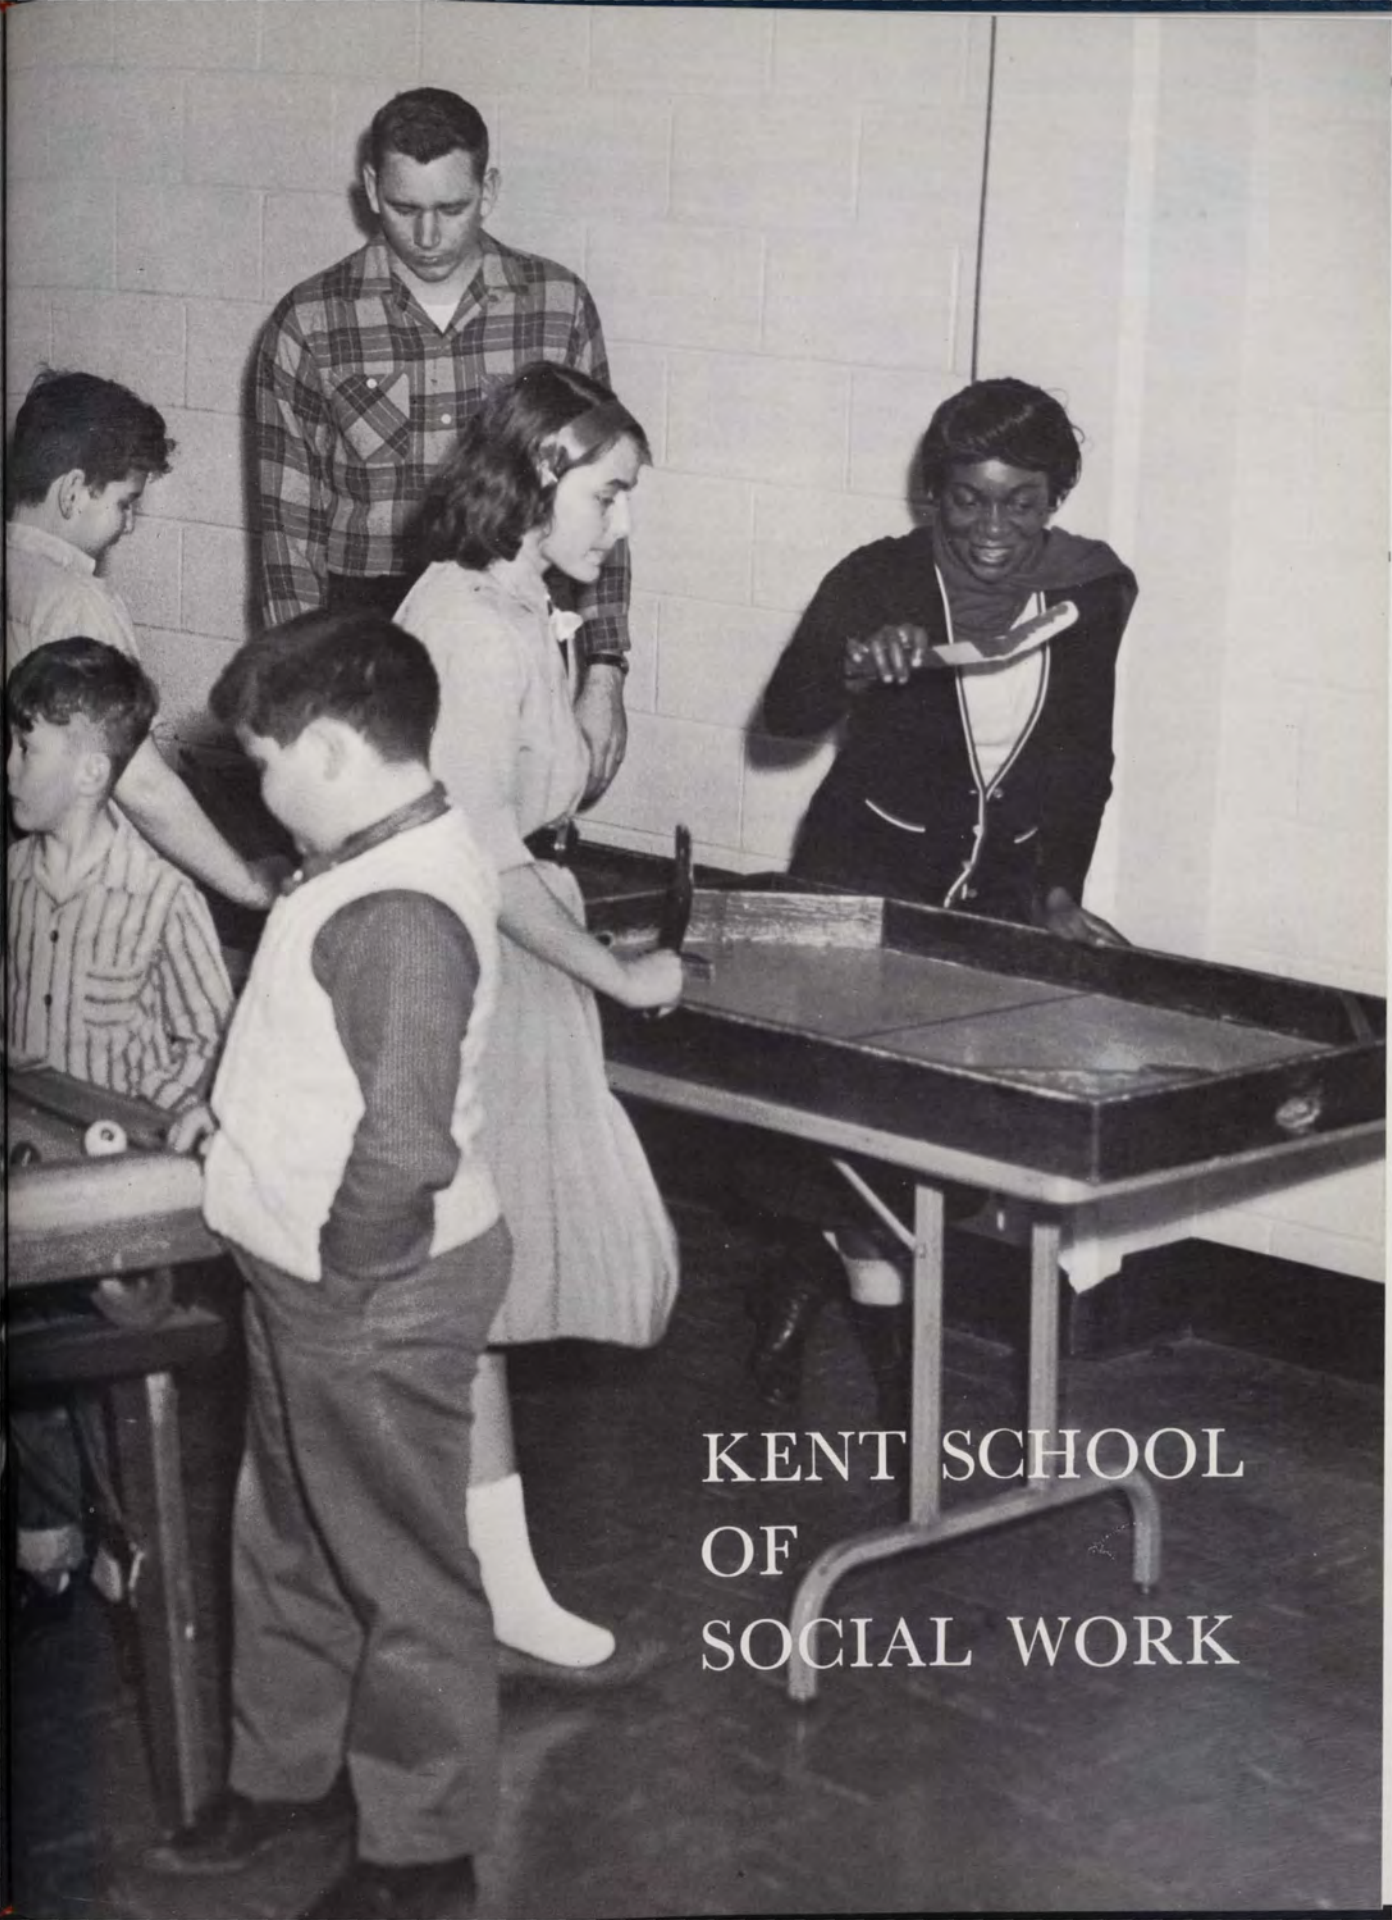

Graduate students, Thorton Lipscomb and Thomas Crawford, work together on a chemical research problem.

Gerald Riedling and Charles Karlner spend part of their time as assistants in the English lab.

# FUTURES UNLIMITED IN THE PROFESSION OF SOCIAL WORK

The field of social work is a fast growing one and the opportunities afforded professionally educated men and women are extensive. The profession of social work needs people who have a healthy human interest in people of different ages and backgrounds, whose values are based on democratic convictions and a sense of social responsibility, who are eager to learn and who can apply knowledge to solving social problems. The professional social worker is concerned with a wide variety of social problems and is employed in departments of public assistance and public welfare, child welfare agencies and services, family service agencies, medical and psychiatric social service, in the visiting teachers' departments of the public schools, group work agencies, corrections, rehabilitation, and in agencies concerned with community organization, social research, and social welfare planning. In the graduate school of social work there is a carefully worked out curriculum of class instruction, field work, and research. Close integration of the three is very important. In addition to basic instruction, there are special courses preparing the student for practice in a special field such as medical and psychiatric social work, school work, group work, and social work research. The Kent School student does his field work in his specialty. Through the cooperation of many social and health agencies this period of field work practice enables him to qualify as a practitioner. Normally the student spends fifteen hours a week in field practice under qualified social work supervision during the first and second semester, and twenty hours a week during the third and fourth semesters. Students may select a specific field of practice for field work in the third and fourth semesters.

On the left side of the picture is the Agency of the Family Service Organization instructed by Mrs. Lois Roberts. On the right side is the Children's Agency headed by Mrs. Louise Fearonce.

The Louisville and Jefferson County Children's Agency is found at the Children's Center on 316 East Chestnut Street. The Field Instructor is Mrs. Mona Stone (center) and second year students, Mr. Newton McCravey, Jr. and Mrs. Norma Sprankle.

Pictured are (left to right) Mrs. Pearl Brown, Municipal Bureau of Social Services, City Department of Welfare, Mr. William Galbraith, Jefferson County Juvenile Court, and Mrs. Marianna Barker, Home Service of the American Red Cross. They are field instructors for the Raymond A. Kent School of Social Work.

Some of the Louisville agencies used for practice in field work are pictured. The various second year student assist agencies include Ireland Army Hospital, Louisville Child Guidance Clinic, Veterans Administration Regional Office, Bridgehaven, Veterans Administration Hospital, Mental Hygiene Clinic, Veterans Administration Hospital, at Lexington, Ky., Madison State Hospital, Vanderburgh Child Guidance Clinic, Children's Hospital and Children's Center.

The first year of student assist agencies include the Municipal Bureau of Social Service, Louisville General Hospital-Psychiatric Social Work, Jefferson County Juvenile Court, Jewish Social Service Agency, American Red Cross, Veterans Administration Regional Office, United Cerebral Palsy of Greater Louisville, Jewish Community Center, Travelers Aid, Louisville and Jefferson County Children's Home, Family and Children's Agency and Kentucky Department of Economic Security-Division of Children's Services.

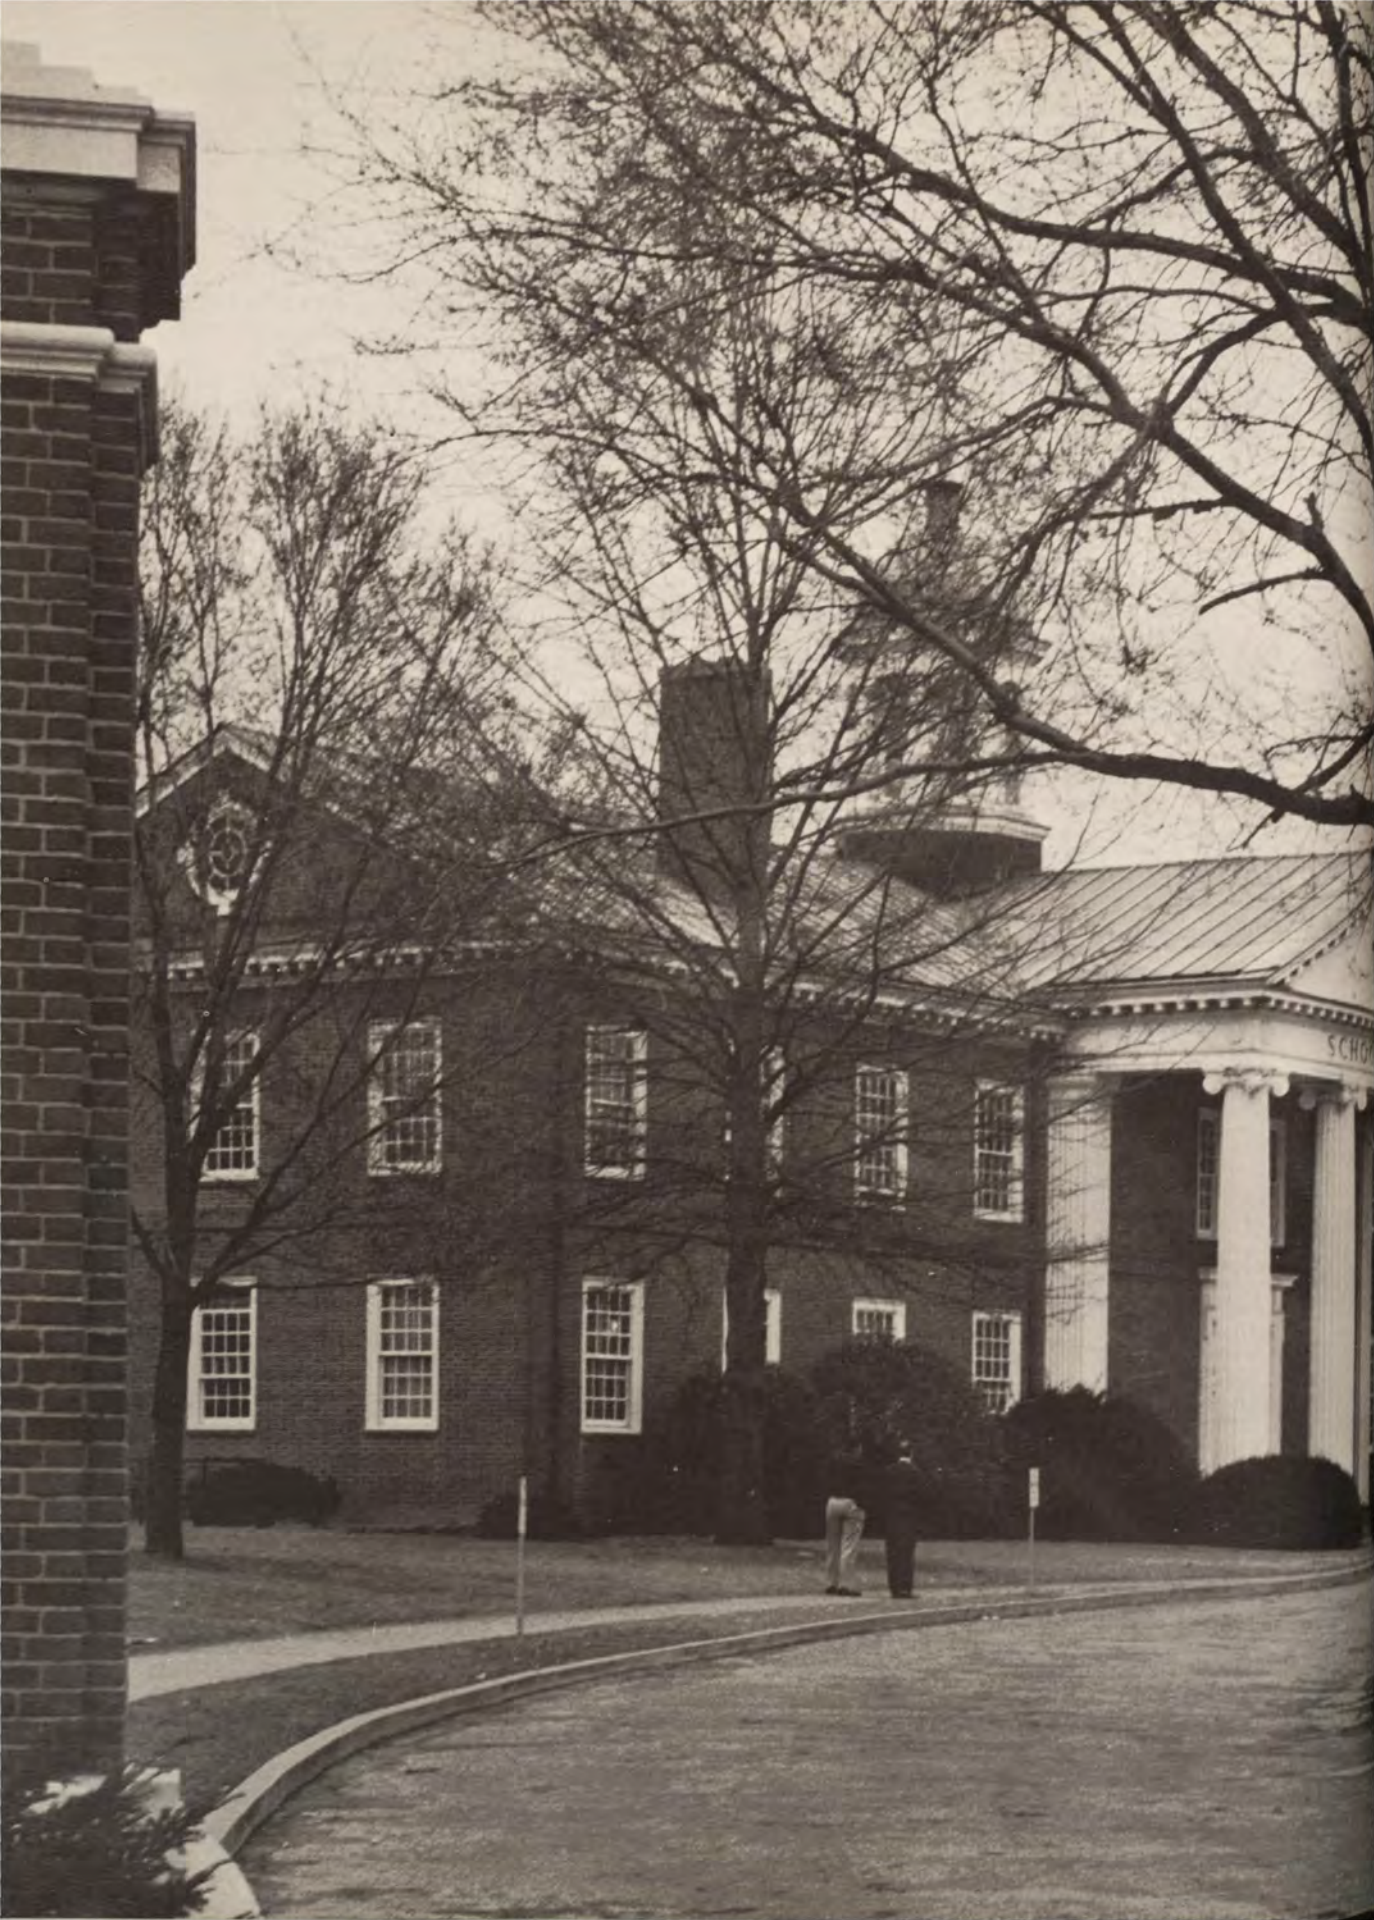

The Agency of Bridgehaven is located at 2110 S. First St. Mr. Leroy Joseph, Field Instructor (left) looks at a magazine with Mr. Carl Adams, a student.

The Kentucky Department of Economic Security Division of Children's Service Agency is at 449 S. Second St. Pictured are Field Instructor Mrs. Catherine Haag and students Mr. Robert H. Ryan (left) and Mr. Raymond T. Lanthrem.

## MOOT COURT CLUB

The Moot Court Club affords students an opportunity to present cases on both the appellate and trial levels. The Club also participates in the National Moot Court Competition held each year, by sending two of its outstanding advocates to compete with students from other law schools throughout the nation. The Moot court program is operated by the Moot Court Committee of the Student Bar Association, Prof. Ralph S. Petrilli, faculty advisor.

First year students prepare briefs and argue appellate cases with members of the faculty and seniors as judges.

## JUDICIAL ASSISTANCESHIP

Under the guidance of Professor William Peden, students appointed as Judicial assistants work with the Jefferson Circuit Court Judges.

The major objectives of the program are to give law students appointed to the program practical training in court room technique and practice; to become acquainted with what is known as court house procedure; to give judges assistance; and to bring a closer integration of the bench and bar and the School of Law. The Law School has promoted another first in this program as it has done under the Briefing Service.

LEFT TO RIGHT: Jim Webb, Patrick Dixon, Wally Taliaferro, Ron Mazzoli, Don Logsdon, Fred Williams, and Fred Drogula.

## BRIEFING SERVICE

The Briefing Service, founded in 1936, was the first such program in the nation and marks one of the outstanding achievements in the United States.

The functions of the Briefing Service are to render a research service to members of the Kentucky Bar, whose library facilities are inadequate, and to solve complicated legal

problems.

The Briefing Service also gives students an opportunity to work with actual problems, and thus this organization fosters a closer relationship between students and practicing members of the bar. The Briefing Service does this work without charge to the attorney who submits each problem.

LEFT TO RIGHT: Austin Hansel, Ron Mazzoli, Don Logsdon, Bob Hastings, and Fred Drogula.

Congressman Frank W. Burke, former alumni, talks to Dean Volz and students of the Law School.

The Law Librarian; Pearl W. Von Allman.

The library of the Law School is one of the most complete in the State of Kentucky and among the best in the entire South. It has over 44,000 volumes which have been selected with the idea of making the library as complete and practical as possible. Among the 135 legal periodicals and special collections are the papers of Justice Brandeis and Justice Harlan.

Any member of the bar of the state is cordially invited to use the library, and an invitation is extended to visitors and prospective future lawyers.

Off to the Moot Court National Competition in New York were Fred Drogula, Bob Hastings, and Charlie Trevathan. The University of Louisville team, champions in regional competition, lost in the final rounds of national competition.

Secretary Janet Ryan assists Hayward Joiner in preparing a schedule for the coming term.

The Freshman year at Medical School offers a survey of the basic field of medicine with emphasis on the human structure.

Lectures are held in the morning and after lunch begin the afternoon labs. It is during the labs that the students are able to ask questions and examine individually the parts of the human body.

Dr. Wagner is shown here with the book illustrating the human skull and its functions. The skull he holds in his hand offers the student a chance to examine for himself what he has read and then to make drawings.

## MEDICAL SCHOOL STUDENT COUNCIL

The Medical School Student Council is composed of two elected members from each class plus the Class Presidents. The Council meets every Thursday on the Fifth Floor of Louisville General Hospital where it has a private meeting room. Each year it sponsors the Christmas Convocation at Medical School's Rankin Memorial Amphitheatre. They represent a liaison between the faculty and the students and make recommendations to the Dean of Medical School.

The officers are: Robert McKechnie, President; Gordon Gutman, Vice President; and Olson Huff, Secretary-Treasurer.

# MUSIC SCHOOL STUDENT COUNCIL

The purpose of the Student Council is to provide the student government for the School of Music. The council regulates all affairs to the common interest of the students. It also provides the students the opportunity of promoting active leadership, academic life, and the extracurricular activities within the University.

The officers are: Carol Weiss, president; Grace Wieck, vice president; Mary Helen Romine, secretary; and Ruth Hilton, treasurer.

FIRST ROW: C. Weiss, C. Jordan, J. Noble, G. Wieck, M. H. Romain, R. Hilton. SECOND ROW: A. Gilligan, B. Brumley, L. Jones, T. Giles, M. Laney, Sponsor.

(ABOVE) All day Tuesday and Thursday is spent at the Music School. There is barely enough time to get a quick snack before returning to classes.

## GARDENCOURT

Gardencourt, a former mansion, has been, since 1947, the home of the University's music school.

Little renovation had been made in the original design of the mansion. The long reception hall, French doors, and hand carved furniture is still used by the students. The old kitchen is now the cafeteria serving over a hundred students and faculty daily.

There are many practice rooms located in both the main building and the Cottage. These are available for student use from 7 a.m. to 10 p.m. daily.

Recreational facilities include ping pong tables in the basement, a basketball area in the courtyard, while football and softball are played in the large front yard. The ballroom is available throughout the year for dances and other social events.

All is not work at Gardencourt for the School of Music hosts many social functions during the school year. The Harvest Moon Festival, an annual dance given in the early autumn, is one of the biggest social activities on the campus calendar. The beautiful buildings and lovely grounds form a perfect setting for the ballroom dancing, square dancing and informal singing around the bonfire which climaxes the evening.

Phi Mu Alpha Sinfonia, the music fraternity, sponsors two dances during the year. The first is an informal party-dance in December. The second is their annual spring formal. The dance is given as part of the Derby-Week festivities.

One of the most important events in the history of Gardencourt occurred last November. Louisville was honored to play host to five eminent Russian composers who were visiting this country. The Russians visited Gardencourt and attended a banquet in their honor. They also sat in on a student convocation and recital. The students were greatly impressed by the Russian composers. Dimitri Kabalevsky, one of the composers, said, "Above all, you must love art more than you love yourself."

Two music school students take advantage of intermission at the Harvest Moon Festival to show their dates the beautiful old home.

"Decorating the halls with boughs of holly" are Gene Cassaday, Carol Weiss, and Grace Weick.

The bonfire and informal singing at the Harvest Moon Festival has become traditional.

The Russian composers attending the banquet were: Fikret Amirov, Konstantin Dankevich, Dmitri Kabalevsky, Tikhon Khrennikov, and Dmitri Shostakovich.

Near the end of each term simulated crimes are staged by groups of students and investigated by others. Here evidence is presented by District Investigator Jas. W. Swindell, Georgia Forestry Commission, to Investigator Jos. T. Masters, Alabama Dept. of Public Safety; Sgt. M. G. Basilius, Ohio State Highway Patrol; and Detective Jon Higgins, Louisville, Kentucky.

Instruction at the Southern Police Institute is entirely by the lecture method. During the three months that he attended the Institute, Detective Arthur J. Bilek, of the Cook County (Illinois) States Attorney's Office, compiled nine notebooks of lecture notes.

Governor G. Mennen Williams, Michigan, (right) lectures during two-week seminar on State Police Administration.

## OUTSTANDING LECTURERS VISIT INSTITUTE

Professor Fred E. Inbau, Northwestern University School of Law, demonstrates effective methods of Interrogation.

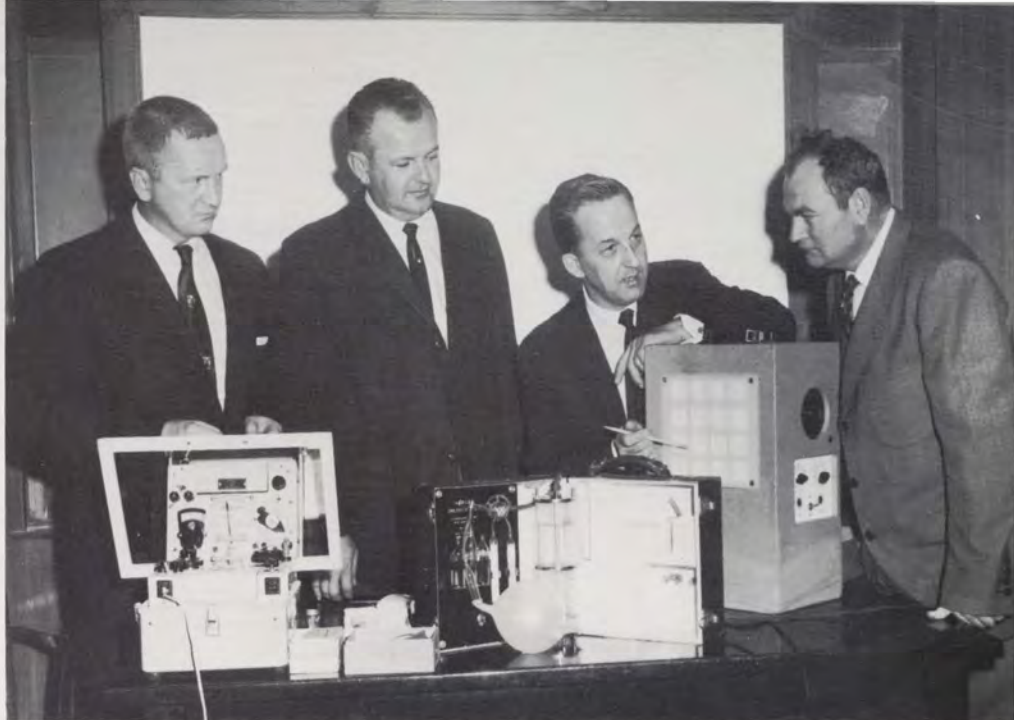

It has been said that no program of training is better than its staff of instructors. Under the leadership of Director David A. McCandless and his two Associate Directors, Rolland L. Soule and John C. Klotter, the Institute possesses three of the top experts in police administration. Each class receives the benefit of lectures by University of Louisville faculty members in addition to approximately fifty visiting authorities and police executives in all the varying aspects of police science and administration.

Classroom instruction in the Southern Police Institute is supplemented with practical field problems to give each student a working knowledge of the latest methods of law enforcement and to increase his administrative value to his local department. The instruction is given through the medium of lectures, demonstrations, field trips, simulated incidents, and classroom discussions. Students are encouraged to exchange ideas among themselves and are given opportunities during the term for leadership. Before graduation, each student is required to give audio-visual demonstrations in widely differing phases of law enforcement. The main objective of the Institute is to instill in each student the ability and enthusiasm to teach other members of his local department what he has learned.

## SEMINARS

A program of mid-winter seminars in the three-month period between the Fall and Spring terms is offered by the Institute. Four seminars, each lasting two weeks, are held annually in January, February and March. The thirty officers accepted for each seminar study subjects of major importance in law enforcement. Instruction at the seminars is, as in the regular terms, on the Visiting Lecturer method. The lecture subjects range from Police Administration, Scientific Investigation of Crime, The Science of Fingerprints, Human Relations and Human Behavior, Police Records and Communications, Police and the Juvenile Offender to Methods and Techniques for Police Instructors, The Policeman and the Law, and Alcohol and Road Traffic.

Captain Robert Borkenstein, Chairman, Department of Police Administration, Indiana University, demonstrates breath-testing apparatus to students at the Southern Police Institute. (Left to right) Sergeant Stanley R. Grothaus, Cincinnati Ohio; Agent George H. Fender, Jr., South Carolina Law Enforcement Division; Captain Borkenstein; Lieutenant Harvey L. Howell, Tucson, Arizona.

A feature of the two-week seminar on Police and the Juvenile Offender was a panel of four high school students from "Youth Speaks", who presented the teen-age attitude toward juvenile problems.

Engineers Day gives the students a chance to display their talents in building exhibits. But it's also necessary to explain to most of the visitors how such machinery works.

A crowd gathered around the Rolls-Royce and to examine both the interior and exterior. The engine occupied attention of most Speed students and parents.

*We'll Blast 'Em Off the Field* was Speed Scientific School's theme for this year's homecoming decoration. Sponsored by the four professional societies, the decorations marked the first time the school has competed with the social organizations for the homecoming awards. It is hoped that the enthusiasm shown by the student body this year will continue and set a precedent for the years to come.

## SPEED SCHOOL STUDENT COUNCIL

The Speed Scientific School Student Council officially represents the student body. Its membership is composed of the four professional societies, American Institute of Chemical Engineers, American Society of Mechanical Engineers, American Institute of Electrical Engineers and Institute of Radio Engineers, and American Society of Civil Engineers, and twelve representatives elected from the student body. Each year the council sponsors Engineers' Day and Engineers' Ball.

Recommendations from the students are made to the Dean of Speed Scientific through the Student Council.

Officers for 1959-1960 are:

Mike Curley—President  
 Al Schroedel—Vice-President  
 Dave Brucker—Secretary  
 George Popp—Treasurer

FIRST ROW: E. Kaltenbacher, M. Curley, D. Brucker, A. Schroedel. SECOND ROW: W. Conger, D. Bradbury, C. Hall, O. Clark. THIRD ROW: P. Grau, W. Duffy.

Edward Hoffman of the Mechanical Engineering Department finds that a last minute touch is necessary on his project.

The importance of civil engineers to the community is explained by Mr. Kutcks of the Army Corps of Engineers to a group of parents and students.

## ENGINEERS DAY

Engineers Day, sponsored by the Speed School Student Council, is one of the most successful events of the academic year. Each of the professional societies: Institute of Chemical Engineers, Society of Mechanical Engineers, Institute of Electrical Engineers and Institute of Radio Engineers, and

Society of Civil Engineers, submits projects designed by their members and pertaining to their particular fields. These projects are the departments' entries with an award going to the Best Departmental Exhibit.

The new IBM 610 computer has seen continuous use since its recent installation in the basement of Speed Hall. Rodney Wells is shown here in the process of running a problem in the design of concrete structures on the computer in one tenth of the time it would normally take.

The magic box of Gilbert Kannapel had to be put in shape by shortening the "magic" arm.

## UNIVERSITY COLLEGE STUDENT COUNCIL

The U.C.S.C. represents the students in promoting cooperation among students, faculty and administration to secure full scholastic advantages and promote social and extracurricular activities in the interest of a better relationship among students. The council often assists the administration and sponsors charitable programs. The council officers for 1960-61 are: President, Lawrence B. Edlin; Vice-President, Lynn O. Armstrong; Secretary, Elsa Miller; Treasurer, James B. Logsdon.

FIRST ROW: J. E. Hester, D. Herman, L. Cash, J. Tabler, L. Edsin, J. Riordan, E. Miller, L. Armstrong. SECOND ROW: J. Logsdon, R. Stone, C. Tatum, C. Coomer, Reinald Schey, P. Hart, L. Mortell. NOT PICTURED B. Blake, K. Kirby, P. Martin, E. Skaggs.

The University College offers late afternoon, evening and Saturday morning classes on both a credit and non-credit basis for those in the Community who might not be able to study on a full-time day program. The College, founded in 1928, offers courses leading to certificates in various fields: the Associate in Arts, the B.A. Degree, the B.S. Degree, and the B.S.C. Degree. These courses are from the curricula, undergraduate and graduate, of the College of Arts and Sciences, the Speed Scientific School, and the School of Business. Those who wish to complete a degree program can do so, this degree being granted by the appropriate day school. Where conditions make the traditional academic courses impractical, special informal courses, conferences, institutes, seminars, and workshops are offered. Through television, audio-visual services, and study discussion programs University College hopes to keep abreast of community needs.

University College's program is made up of four categories of courses: those which will make possible the achievement of degrees or certificates; those which will enhance vocational and professional competence; those which will provide skills and techniques desired primarily for the pleasure of their employment; those which will provide cultural stimulation.

University College is subject to the same standards of scholarly excellence as are the other college units of the University. Its instructional staff is composed of full-time members of the regular University faculties and of qualified business and professional men who contribute their special experience.

Mrs. Eugenie Kolachov, University College Russian instructor, demonstrates the use of Russian for a class of language students.

Mr. Bosworth Todd, III, introduces students of his investment class to magazines in the financial field.

Several members of the University College faculty devote extra time in answering program questions posed by evening students. Faculty help on such matters supplements the experienced counselling which the University College staff affords.

University College psychology students receive classroom from Dr. Ernest Kronball.

Miss Betty Blake, University College student, solicits funds for the annual Christmas Basket drive sponsored by University College. Some 130 baskets containing five dollars worth of food each were given needy families in the Louisville area.

After consultation with leading Louisville businessmen, University College established the Certificate Programs in Accounting, Advertising, Art, Business and Commerce, Chemistry, Government, Physics, Production Management, Secretarial Science, and Transportation. Certificate Programs are designed to meet the needs of those men and women in the business world who are ambitious to excel in their work and to prepare themselves for positions as accountants, business managers, junior executives, or industrial chemists. These programs include only subjects which were approved as valuable and useful by the executives consulted.

University College is also the co-sponsor of a unique series of courses called the Neighborhood Colleges. Through the cooperation of the University and the Louisville Free Public Library, it is now possible for men and women in Louisville to attend university classes held in branch libraries which are located according to the needs of neighborhood areas.

The audio-visual services for Belknap Campus, both day and evening, are administered through University College. The staff of the audio-visual department assists the faculty and their assistants in securing audio-visual materials, in learning the operation of movie projectors, and in the preparation of inexpensive instructional materials. The scheduling of audio-visual equipment and certain specially equipped classrooms for individual previews, as well as class use, is coordinated through this department. Also included in this service is a film library and the facilities necessary for the production of certain teaching aids such as slides, posters, and other graphic materials.

**GOOD ELECTRIC SERVICE  
DOESN'T JUST HAPPEN!**

You don't wish on a star for electricity.

It doesn't just happen. It takes planning, know-how skill, manpower and money. We plan years ahead for electric power requirements of the area we serve. We buy the best tools and equipment to make and distribute electricity. We have more than 2500 people serving electricity to about 195,000 customers. We have spent over 147 million dollars just in the past ten years to build a secure electric "lifeline" for this area.

*Indeed, good electric service doesn't just happen! What's more, no industry ever has left our service area and no industry ever has stayed out of this area because*

*there was not sufficient electric power available. There always has been, always will be, abundant electric power in the Louisville area.*

FLOORING

One might well say that the student's year begins in September instead of January, for this month marks the endless lines of registration followed by the buying of books, and finally the beginning of classes.

September also marks the beginning of work in the *Thoroughbred* Office. Soon after classes began in the fall Mayberrys came out to take pictures. The real work began with drawing of copy pages and the typing in of names and activities. As the months passed, we ran into a few snags — sometimes appointments were missed, flash bulbs didn't "go off" or we would run out of copy paper due to mistakes made in triplicate — to mention only a few.

All was not work, however, for we took breaks to go to the Sub to drink coffee, eat cheeseburgers or play a few hands of bridge.

The Staff was really fine. They did their sections well and were dependable. They willingly worked Saturdays, Sundays and evenings, and I hope they enjoyed working on the *Thoroughbred* as much as I. We owe many thanks to Buddy Crane and Bob Moulten, the staff photographers; Mayberry, our portrait photographer; Dr. Theodore M. Brown; Larry Spitzer and the *Courier-Journal*, *Louisville Times* who made available current photographs.

Of course we want to thank Foote and Davies, Incorporated, our printers, for all their aid and assistance and Durand Manufacturing Company, who manufactured our cover.

I sincerely hope that the administration, the faculty, and the students feel that we have captured the school year in this, the 1960 *Thoroughbred*.
